

## **Technip awarded a basic engineering design and support contract for a polyethylene plant in China**

July 9, 2007

Paris, July 9, 2007

Technip, in association with INEOS as the licensor, has been awarded a contract by Liaoning Huajin Chemicals for a high density polyethylene plant to be built in Panjin (China).

The contract covers the basic engineering design for the plant and the pre-commissioning support.

The plant, based on INEOS' Innovene S technology, will produce 300,000 tons/year of high density polyethylene intended for the manufacture of resistant plastics.

The plant is scheduled for completion at the end of 2008 for a commissioning in March 2009.
